RENEWAL OF CONTINUING CONNECTED TRANSACTIONS IN RELATION TO THE SALE AND PURCHASE OF RAW MATERIALS AND PRODUCTS AND PROVISION OF ANCILLARY SERVICES

INTRODUCTION

Reference is made to the announcement of the Company dated 29 December 2023 in relation to the continuing connected transactions under the Renewed Raw Materials and Services S&P Framework Agreement III between Dongyue Fluorosilicone Technology (a direct wholly-owned subsidiary of the Company) and Dongyue Hydrogen. The Renewed Raw Materials and Services S&P Framework Agreement III expired on 30 June 2024.

On 2 July 2024, Dongyue Fluorosilicone Technology (for and on behalf of its designated subsidiaries and Dongyue Associates) and Dongyue Hydrogen entered into the Renewed Raw Materials and Services S&P Framework Agreement IV, pursuant to which it was agreed that (i) Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates shall supply the DY Raw Materials and Ancillary Services to Dongyue Hydrogen for its production and operations; and (ii) Dongyue Hydrogen shall supply the Hydrogen Raw Materials and Products and Ancillary Services to Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates for the Group's production and operations for a term commencing from 1 July 2024 and expiring on 31 December 2024.

LISTING RULES IMPLICATIONS

Since Mr. Zhang (an executive Director, the Chairman of the Board and a substantial Shareholder), through entities controlled by him, is interested in an aggregate of approximately 35.50% equity interest in Dongyue Hydrogen as at the date of this announcement, Dongyue Hydrogen is an associate of Mr. Zhang and a connected person of the Company. Therefore, the entering into of the Renewed Raw Materials and Services S&P Framework Agreement IV and the transactions contemplated thereunder constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

As one or more of the applicable percentage ratios calculated with reference to each of the Sale Annual Cap and the Purchase Annual Cap exceed(s) 0.1% but is/are less than 5%, the transactions contemplated under the Renewed Raw Materials and Services S&P Framework Agreement IV are subject to the reporting and announcement requirements but exempt from the circular (including independent financial advice) and the independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

INTRODUCTION

Reference is made to the announcement of the Company dated 29 December 2023 in relation to the continuing connected transactions under the Renewed Raw Materials and Services S&P Framework Agreement III between Dongyue Fluorosilicone Technology (a direct wholly-owned subsidiary of the Company) and Dongyue Hydrogen. The Renewed Raw Materials and Services S&P Framework Agreement III expired on 30 June 2024.

The Board announces that on 2 July 2024, Dongyue Fluorosilicone Technology (for and on behalf of its designated subsidiaries and Dongyue Associates) and Dongyue Hydrogen entered into the Renewed Raw Materials and Services S&P Framework Agreement IV to renew the existing continuing connected transactions under the Renewed Raw Materials and Services S&P Framework Agreement III for the Renewed Term.

RENEWED RAW MATERIALS AND SERVICES S&P FRAMEWORK AGREEMENT IV

Set out below are the major terms of the Renewed Raw Materials and Services S&P Framework Agreement IV:

Date

2 July 2024

Parties

- (i) Dongyue Fluorosilicone Technology (for and on behalf of its designated subsidiaries and Dongyue Associates); and
- (ii) Dongyue Hydrogen.

Subject matter

Pursuant to the Renewed Raw Materials and Services S&P Framework Agreement IV, the parties thereto agreed that from time to time during the Renewed Term,

- (i) Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates shall supply the DY Raw Materials and Ancillary Services (namely, the raw materials necessary for Dongyue Hydrogen's production and operations including but not limited to 32% liquid alkali, steam, electricity, hexafluoropropylene and tetrafluoroethylene, and the ancillary services) to Dongyue Hydrogen; and

- (ii) Dongyue Hydrogen shall supply the Hydrogen Raw Materials and Products and Ancillary Services (namely, the raw materials necessary for the Group's production and operations, including but not limited to fluorine-containing surfactants, perfluorinated ion-exchange resin, hexafluoropropylene oxide and flurane, and the ancillary services) to Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates.

The Renewed Raw Materials and Services S&P Framework Agreement IV is a framework agreement which sets out the broad terms and conditions under which the parties will carry out the transactions contemplated thereunder. Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates on one hand and Dongyue Hydrogen on the other hand may from time to time enter into individual business contracts to specify other necessary transaction details, including type, specification, quantity and unit price of the raw materials or services concerned, as well as delivery and payment terms. The Renewed Raw Materials and Services S&P Framework Agreement IV shall prevail over such business contracts in case of any inconsistencies.

Historical transaction amounts

The aggregate amounts paid by Dongyue Hydrogen to Dongyue Fluorosilicone Technology, its subsidiaries and Dongyue Associates for the DY Raw Materials and Ancillary Services for the year ended 31 December 2023 and the six months ended 30 June 2024 were approximately RMB214,842,626.98 and RMB59,364,434.62, respectively. The amount paid during the period between 1 January 2024 and 30 June 2024 was approximately RMB59,364,434.62, which is within the existing annual cap of RMB171,250,000 under the Renewed Raw Materials and Services S&P Framework Agreement III.

The aggregate amounts paid by Dongyue Fluorosilicone Technology, its subsidiaries and Dongyue Associates to Dongyue Hydrogen for the Hydrogen Raw Materials and Ancillary Services for the year ended 31 December 2023 and the six months ended 30 June 2024 were approximately RMB104,231,312.24 and RMB55,601,333.87, respectively. The amount paid during the period between 1 January 2024 and 30 June 2024 was approximately RMB55,601,333.87, which is also within the existing annual cap of RMB98,100,000 under the Renewed Raw Materials and Services S&P Framework Agreement III.

Annual caps

Pursuant to the Renewed Raw Materials and Ancillary Services S&P Framework Agreement IV,

- (i) the Sale Annual Cap to be paid by Dongyue Hydrogen to Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates for the purchase of the DY Raw Materials and Ancillary Services shall not exceed RMB173,400,000 (equivalent to HK\$185,538,000) for the Renewed Term; and
- (ii) the Purchase Annual Cap to be paid by Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates to Dongyue Hydrogen for the purchase of the Hydrogen Raw Materials and Products and Ancillary Services shall not exceed RMB104,900,000 (equivalent to approximately HK\$112,243,000) for the Renewed Term.

The Sale Annual Cap was determined with reference to (i) the six-month historical aggregate transaction amount that is pro-rated from the annual historical aggregate transaction amount of RMB214,842,626.98 million in respect of the supply of the DY Raw Materials and Ancillary Services by Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates to Dongyue Hydrogen for the year ended 31 December 2023; (ii) the sale annual cap of RMB171,250,000 under the Renewed Raw Materials and Services S&P Framework Agreement III; (iii) the actual amount paid by Dongyue Hydrogen to Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates of RMB59,364,434.62 for the period between 1 January 2024 and 30 June 2024; (iv) the demand for the DY Raw Materials and Ancillary Services to fulfill Dongyue Hydrogen's production capacity of its products; and (v) the estimated market trend and demand for the fluorinated proton exchange membrane, its key raw materials and derived products in the PRC market during the Renewed Term.

The Purchase Annual Cap was determined with reference to (i) the six-month historical aggregate transaction amount that is pro-rated from the annual historical aggregate transaction amount of approximately RMB104,231,312.24 million in respect of the purchase of the Hydrogen Raw Materials and Products and Ancillary Services by Dongyue Fluorosilicone Technology, its subsidiaries and Dongyue Associates from Dongyue Hydrogen for the year ended 31 December 2023; (ii) the purchase annual cap of RMB98,100,000 under the Renewed Raw Materials and Services S&P Framework Agreement III; (iii) the actual amount paid by Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates to Dongyue Hydrogen of RMB55,601,333.87 for the period between 1 January 2024 and 30 June 2024; (iv) the estimated production capacity and budget of the Group for the Renewed Term in connection with products to be produced from the Hydrogen Raw Materials and Products and Ancillary Services; and (v) the estimated market trend and increase in demand for the Group's products to be produced from the Hydrogen Raw Materials and Products and Ancillary Services in the PRC market during the Renewed Term.

Pricing principles

Similar to the Raw Materials Services S&P Framework Agreement, the Renewed Raw Materials Services S&P Framework Agreement I, the Renewed Raw Materials Services S&P Framework Agreement II and the Renewed Raw Materials Services S&P Framework Agreement III, pursuant to the Renewed Raw Materials and Services S&P Framework Agreement IV, the pricing for (i) the DY Raw Materials and Ancillary Services and (ii) the Hydrogen Raw Materials and Products and Ancillary Services shall be determined based on: firstly, the fair market prices of the DY Raw Materials and Ancillary Services offered by Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates and the Hydrogen Raw Materials and Products and Ancillary Services offered by Dongyue Hydrogen to Independent Third Parties from time to time in their ordinary and usual course of business. Reference will be made to recent transactions with Independent Third Parties for similar raw materials and products of similar specifications for the purpose of determining the prices and terms to ensure such prices and terms are no less favourable than or comparable to those offered to Independent Third Parties; and secondly, where there is no such fair market prices available or applicable, the prices will be the actual or reasonable

cost incurred thereof plus a fixed gross profit margin, which is determined with reference to the gross profit margin of similar products or their key raw materials under fair market value and at the same time offered to Independent Third Parties (the “**Alternative Approach**”).

Payment terms

Payments for (i) the DY Raw Materials and Ancillary Services and (ii) the Hydrogen Raw Materials and Products and Ancillary Services shall, be settled by means of bank remittance, bill of exchange or other agreed payment method(s), unless otherwise agreed in the individual business contracts.

INTERNAL CONTROL MEASURES

The Company has adopted the following internal control measures to monitor the continuing connected transactions and confirm the compliance with the terms of the Renewed Raw Materials and Services S&P Framework Agreement IV:

1. for the sale of the DY Raw Materials and Ancillary Services by Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates, the relevant personnel of the Company will keep track of the transaction records on the sale of raw materials and services by Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates to Independent Third Parties for the purpose of ensuring that the prices and terms for the DY Raw Materials and Ancillary Services to be offered to Dongyue Hydrogen will be comparable to, or no more favourable than, the fair market prices and terms for the DY Raw Materials and Ancillary Services offered to Independent Third Parties by Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates;
2. for the purchase of the Hydrogen Raw Materials and Products and Ancillary Services, the Company would solicit at least two contemporaneous quotations from Independent Third Parties for similar products and services or substitutes in similar quantities for the purpose of ensuring that the prices and terms for the Hydrogen Raw Materials and Products and Ancillary Services to be offered by Dongyue Hydrogen will be no less favourable to the Group than those offered by Independent Third Parties to Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates for similar products and services or substitutes of comparable nature and quality;
3. whenever the Alternative Approach is used, the Company shall request for the relevant records or information in relation to the cost of the relevant raw materials and ancillary services, and shall solicit the profit margin of similar products or raw materials in the market;
4. the relevant personnel of the Company will keep track of (a) the aggregate amount paid by Dongyue Hydrogen to Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates for the DY Raw Materials and Ancillary Services; and (b) the aggregate amount paid by Dongyue Fluorosilicone Technology’s designated subsidiaries and Dongyue Associates to Dongyue Hydrogen for the Hydrogen Raw Materials and Products and Ancillary Services for the purpose of ensuring that the Sale Annual Cap and the Purchase Annual Cap, respectively, will not be exceeded;

5. the Company has adopted relevant reporting and record-keeping procedures to allow independent non-executive Directors and auditors of the Company to perform annual review of the supply of the DY Raw Materials and Ancillary Services and the purchase of the Hydrogen Raw Materials and Products and Ancillary Services under the Renewed Raw Materials and Services S&P Framework Agreement IV or from time to time as requested; and
6. the relevant personnel of the Company will collate industry and market information to keep track of fair market prices of the DY Raw Materials and Ancillary Services and the Hydrogen Raw Materials and Products and Ancillary Services and relevant profit margin and monitor customer orders from time to time.

REASONS FOR AND BENEFITS OF ENTERING INTO THE RENEWED RAW MATERIALS AND SERVICES S&P FRAMEWORK AGREEMENT IV

With respect to the Hydrogen Raw Materials and Products and Ancillary Services, Dongyue Hydrogen possesses the machinery, equipment and patents for the production and/or provision of the Hydrogen Raw Materials and Products and Ancillary Services and the Group has been and will, by entering into the Renewed Raw Materials and Services S&P Framework Agreement IV with Dongyue Hydrogen, continue to be able to secure a stable and reliable source of supply for such raw materials and products and services for its production process and operations.

With respect to the DY Raw Materials and Ancillary Services, by entering into the Renewed Raw Materials and Services S&P Framework Agreement IV, Dongyue Hydrogen will continue to be supplied and provided with the necessary DY Raw Materials and Ancillary Services it requires for continued development and production of fluorinated proton exchange membrane, its key raw materials and derived products.

Since there is no exclusivity clause in the Renewed Raw Materials and Services S&P Framework Agreement IV, Dongyue Fluorosilicone Technology's designated subsidiaries and Dongyue Associates are at liberty to sell the DY Raw Materials and Ancillary Services to other customers or source the Hydrogen Raw Materials and Products and Ancillary Services from other suppliers, other than Dongyue Hydrogen.

The terms of the Renewed Raw Materials and Services S&P Framework Agreement IV are substantially the same as those of the Raw Materials and Services S&P Framework Agreement, the Renewed Raw Materials and Services S&P Framework Agreement I, the Renewed Raw Materials and Services S&P Framework Agreement II and the Renewed Raw Materials and Services S&P Framework Agreement III.

The Directors (including the independent non-executive Directors but excluding Mr. Zhang and Mr. Zhang Zhefeng who have abstained from voting on the relevant Board resolutions) consider that the Renewed Raw Materials and Services S&P Framework Agreement IV was entered into in the ordinary and usual course of business of Dongyue Fluorosilicone Technology (for and on behalf of its designated subsidiaries and Dongyue Associates), and the terms of the Renewed Raw Materials and Services S&P Framework Agreement IV, which were determined after arm's length negotiations among the parties thereto, are normal commercial terms or better terms to the Company, fair and reasonable and in the interests of the Company and the Shareholders as a whole.

INFORMATION ON THE GROUP

The Group is primarily engaged in the five operating and reportable business segments of (i) manufacturing and sale of fluoropolymers; (ii) manufacturing and sale of refrigerants; (iii) manufacturing and sale of organic silicone; (iv) manufacturing and sale of dichloromethane, polyvinyl chloride (PVC) and liquid alkali; and (v) others, mainly comprising by-products from the above operating segments such as ammonium bifluoride, hydrofluoric acid and bromine, as well as property development.

INFORMATION ON DONGYUE FLUROSILICONE TECHNOLOGY

Dongyue Fluorosilicone Technology is a company established in the PRC with limited liability and a direct wholly-owned subsidiary of the Company. It is principally engaged in the investment and management of fluorosilicone new materials business.

INFORMATION ON DONGYUE HYDROGEN

Dongyue Hydrogen is an associated company of the Company and is a joint stock company established in the PRC with limited liability. It is principally engaged in the business of research, production and sale of fluorinated proton exchange membrane, its key raw materials and derived products.

As at the date of this announcement, Dongyue Fluorosilicone Technology (a wholly-owned subsidiary of the Company) holds 7.71% equity interest in Dongyue Hydrogen, and Shandong Dongyue Organosilicon Materials Co., Ltd.* (山東東岳有機硅材料股份有限公司) (an indirect non-wholly-owned subsidiary of the Company, held as to 44.40% by Dongyue Fluorosilicone Technology as at the date of this announcement) holds 5.14% equity interest in Dongyue Hydrogen, respectively, which continues to be accounted for as an associated company of the Company.
